

M@xwell IT

We Support You.

LET OUR IT SUPPORT TEAM

Help you stay connected.

Practicing medicine today requires a different work environment. One in which a strong support team is needed. Whether you're an IT Manager needing short-term help or a new practice that requires full IT support, Maxwell IT offers comprehensive IT support, when and where you need it.

We understand your IT requirements go beyond the physician office. Our support team will help you stay connected to your practice, patients and peers.

IT Support Services Include:

- LAN/WAN, and wireless network, design, install and support
- Network security, data back up and recovery
- Phone system installation and maintenance
- 24/7 availability

Detailed Offerings

LAN/WAN and wireless network support

We support the design, implementation and maintenance of your LANs and WANs and wireless networks. Our engineering staff is highly trained in all aspects of network architectures and general PC support.

"Maxwell IT helped me update my security and data back-up procedures. A small task, with big consequences that needed attention. The staff is knowledgeable and professional."

*Dr. Michael E. Martin
Northwest Dental Clinic*

Maxwell IT

We Support You.

Detailed Offerings (continued)

We provide the following Network support services:

- Network design, implementation and maintenance
- Server-based administration and support, EMR/PM application support
- Computer troubleshooting and problem resolution
- Assistance with the installation and maintenance of operating systems, printers, peripherals and software.

Network security, data backup and recovery:

Data protection, back-up and recovery are crucial to your practice and a requirement of HIPAA. We work to ensure your network has the appropriate levels of security to provide optimum protection.

Phone System Installation and Maintenance:

As your practice grows, your telecommunication needs grow too. Maxwell IT can provide you with professional phone technicians to help you install, repair and maintain your phone system investment.

24/7 Availability:

Our commitment to you! We can provide 24/7 availability for practices who require additional support. We can tailor your service level to provide you with the commitment and level of support you require to ensure your systems are always available to you, your staff and practice.
